Genuine Leather

Studebaker bodies are upholstered with genuine
leather, and it is of high grade quality—the same
that you find in cars costing from \$500 to \$1000
more than Studebaker cars.

It is soft, pliable, durable, fast-colored, and it
will not work off, scale, crumble or check. We
describe this leather to you because it shows the
quality of material that Studebaker uses in the con-
struction of its car.

Expense has not been spared to cheapen the car
in any particular. It is distinctly a high-grade,
fine automobile. Your comfort, your safety, your
pride, have all been considered in the design and
construction of both the FOUR and SIX.

It costs only a little more to obtain the quality
that you find in Studebaker cars, and this quality
is the thing that gives you real economy. "It is
better to pay a little bit more and get the BEST."

RAIL RATES TO BE SIFTED

Commission to Probe Adequacy of
Two Cent Passenger Fares.

Lansing—State investigation of the
adequacy of the two-cent railroad pas-
senger fare in Michigan was given its
first start in this state when Rep-
resentative Sigurd Nelson, of Iron-
wood, introduced a measure providing
for the creation of a commission of
three men to probe intra-state pas-
senger returns to railroads.

The measure is a substitute for the
Smith bill, which passed the senate
and which would raise the passenger
rates of Michigan roads to two and
a half cents in the lower peninsula and
three cents in the upper peninsula.

The Nelson bill was referred to the
committee on railroads which will re-
port it out. It provides for submis-
sion to the governor of a report of
the legislature. While it does not say
so, this means that if the commission
finds that railroads are really running
behind on their passenger business, a
special session can be called to give
them relief.

NEW PRE-PRIMARY BILL

Authorizes Recommendation of Can-
didates By Conventions.

Lansing—The opposition to the pri-
mary system of nominating public of-
ficials has crystallized in a bill author-
izing the recommendation of candi-
dates by conventions.

The candidate recommended by the
convention is entitled to first place on
the primary ballot, and a statement
opposite his name that he has been
recommended by the convention.

The bill was introduced in the sen-
ate by Captain Turf, of Ludington.
It authorizes state, district and
county committees to call conventions
prior to primary elections by publish-
ing notices in newspapers. State con-
ventions must be held six weeks prior
to the general primary. Congressional
conventions must be held on the
seventh Saturday prior to the primary.
County conventions must be held on
the seventh Tuesday prior to the pri-
mary. Caucuses for the election of
delegates to the county conventions
must be held eight weeks before the
general primary.

The bill bars participation in more
than one party caucus.

The measure throws cold water on
new political parties as it defines po-
litical parties to mean organizations
that have presented candidates at the
three previous biennial elections or
that cast five per cent of the vote at
the last general election.

Agnes, 8-year-old daughter of Mr.
and Mrs. A. Toman, of St. Charles,
saved her life by hanging from the
side of a railroad bridge as she was cross-
ing while a train thundered past. She
was shaken from her position and fell
on a timber below, but was rescued
by the train crew.

An automobile winter top factory
has begun quantity production at Ca-
ro. The top was designed and is
being built by Peter Miller, a local
architect, and is especially adapted to
Ford and similar cars.

Despite the fact that the will of
the late St. Clair Hamlin, Durand mer-
chant, states explicitly that if any of
his heirs contest his will they shall
be automatically disinherited from his
\$10,000 estate, four attorneys, repre-
senting the heirs, have filed their ap-
pearance in probate court and a con-
test is likely.

A special meeting of the Ladies Na-
tional League was held at the home of
Mrs. J. A. Holliday last Thursday af-
ternoon. The affair was to have been
held at the home of Mrs. Nelson Cor-
win, but on account of the illness of
her daughter, she was unable to enter-
tain. Therefore the ladies spent the
afternoon at the Holliday home. Pro-
gressive Pedro was an enjoyable pas-
time, for which first, second and con-
solation prizes were awarded respec-
tively, Miss Margaret Waldron, Mrs.
Peter L. Brown and Mrs. Phil Quigley.
A fee of five cents were charged the
ladies, the proceeds going to the so-
ciety's flower fund.

Thieves entered the Frank Mack
home on McClellan street last Satur-
day night and Mr. Mack says, rifled
all the drawers in the house and finally
went away with a box of cigars
and a \$2.50 pipe. Mr. Mack is watch-
man at the T-town mills and Mrs.
Mack at this time was visiting in Jo-
hannesburg. The thieves left behind
a club, about 18 inches long, that be-
cause of its peculiar shape and the
dents in the lower end was easily re-
cognized. One of the neighbors had
noticed two boys near the Mack home,
the afternoon of the same day, carry-
ing that same identical club and re-
ported it to Mr. Mack. The latter in-
vestigated and says that he cornered
the boys and that both confessed their
guilt. They are Robert Mahon and
Clifford Thurston. Complaint has
been made to the Judge of Probate
and the boys will come up for a hear-
ing in that court next Tuesday.

The morning train No. 207 north
bound was six hours late Tuesday
morning.

QUIET TOWNSHIP ELECTION MONDAY

TOWNSHIPS REPORT LIGHT
VOTES.

According to reports there was a
light vote cast in all townships thru-
out the county in the election Monday,
Grayling township having but 316
votes. In the November election there
were about 530 votes cast in Grayling
township.

In Grayling there seemed to be but
one real contest and that was for
Highway commissioner, Peter F. Jor-
gensen, democrat, winning with a ma-
jority of 37.

Wm. McCullough, democrat, was
not after the office of justice of peace,
but as his opponent, Frank Milks, did
not want the office and even said that
he would work for him; the former had
no trouble in winning out.

Harry Hill, for clerk, had no op-
position and was, of course, elected.
The remainder of the republican can-
didates were all duly elected.

There was much splitting of tickets
in Grayling, many republicans voting
for Harry Hill, Wm. McCullough and
Peter F. Jorgensen, and many demo-
crats split for Melvin A. Bates for su-
pervisor. There were on the township
ticket 68 republican and 69 democrat
straight and 179 split ballots. On the
state ticket there were 190 straight re-
publican, 95 democrat, ten socialist
and one prohibitionist, and 20 split bal-
lots. The vote for the several candi-

The "City Beautiful."

Now that the warm weather is com-
ing on, the labors of the city beauti-
fiers will be in great demand. Just
now, after the ravages of the winter's
storms, nature presents her most de-
pressing aspect, and much attention
will be required if she is to re-clothe
the face of the earth in her original
garments of beauty. Unsightly wash-
es and gullies, filled up ditches and
drains, accumulations of weeds and
trash and leaves and twigs are to be
removed, and nature given her fair
chance to do her best.

It is in this capacity that the order
loving women of the town show to ad-
vantage. Women always have a keener
eye for beauty and harmony than
men. They are more given to neat-
ness and orderliness than men. Start
out a committee of energetic women
to supervising the cleaning up of a
town and they will find nuisances and
unsightly places of which the men had
never thought.

Turn attention to the neglected back
yards. You'll find many of them that
now are refuse dumps, but that can be
made places of beauty and usefulness.

Most towns are like some people.
They will keep the main streets and
buildings presentable, but the more
obscure places and the back streets
and alleys are neglected and permitted
to fall into decay. Taken to task in
the matter, the authorities often re-
ply that strangers and visitors never
see these places, anyway, so it doesn't
matter. No, but we see them, which
is worse. Strangers might see them
and go away and forget them, but we
must live with them, which is liable to
breed neglect and disorder in our

elves. A man with a sore toe may
know that it is hidden from the public,
but he never forgets that it is there.
Always bear this in mind: The town
will be beautiful or the reverse, just
in proportion as its people are lovers
of beauty and order, or the reverse.
A beautiful and well kept home, with
a foul alley in the rear and a neglected
street in front, is a standing re-
proach to its owner. He should have
sufficient pride to see that his sur-
roundings harmonize with his posses-
sions.
It's time to get busy in this town.

Live Stock Clubs for the Boys and
Girls of Northeastern Michigan.

As a means of creating greater in-
terest in live stock and in farming
operations among our boys and girls,
also as a means of introducing and dis-
tributing improved stock more widely
among the farmers of this district, the
Northeastern Michigan Development
Bureau desires to assist in organizing
live stock clubs among the boys and
girls of Northeastern Michigan.

The Executive Committee of the
Bureau has authorized the Secretary
to give assistance to Bankers, Busi-
ness Men's clubs, Agricultural soci-
eties, etc., in this work and has made
plans to assist in financing some of
the pig clubs, which the Bureau is to
organize and directly operate.

Announcing the NEW Seven-Passenger OLDSMOBILE

A MOTOR CAR creation, \$1367 ready for the road—provides a distinctive in every line, this is the new seven-passenger, eight-cylinder Oldsmobile. Exquisite harmony of outline and over-all proportions distinguish this car—the result of nearly twenty years of experience in combining beauty with comfort, sturdiness with grace.

The comfort of the car is a revelation, due to the new style upholstery, of finest quality, bright finish, black leather, laid in box pleats, with no buttons to gather and hold dust and dirt. Wide doors afford easy entrance for even the largest individual.

The 120-inch wheel base, through clever body design, provides the utmost in comfortable leg room for seven passengers. Long, wide springs and perfect balance of chassis insure easy riding under any kind of going.

The fifty horse power motor, with the light weight of the car—3,000 pounds.

Correct design and high grade workmanship are proved by the almost absolute quiet of the motor, while the balanced crankshaft, light weight, balanced connecting rods, and die-cast aluminum alloy pistons reduce vibration and loss of power through internal resistance to a minimum.

Economy of operation is insured by light weight and motor refinement. The gasoline average is from fifteen to eighteen miles a gallon, and the tire mileage is unusually high. The oil consumption is nominal.

Throughout, the car leaves nothing to be desired. Walnut woodwork and nickel finished instruments are but details of its superior worth.

The car is on display at our showroom. Call or write today for a demonstration.

A Letter To You

While the following letter was addressed to us, there is a message in it for every woman interested in economy and good cooking, so we address it to you through the newspaper.

"I must write and tell you of my experience with economical Lily White Flour. I say economical because I have found it so in this way.

"I received a sack of Lily White, sent me in error by my grocer, and when using it in a recipe that I had always used with other flours I found my dough too stiff. I used the same quantity as usual, so next time I used less and have been delighted with the results ever since.

"In these days of the high cost of living I think it would be well for all housewives to know that Lily White Flour goes farther and makes more than any other flour I ever used."

(Signed) MRS. L. B. ROBBIN,
751 College Ave., Grand Rapids, Mich.

Mrs. Robbin is a new convert to Lily White Flour and her testimony is very significant in view of the fact that heretofore she has used two kinds of flour—a so-called bread flour for bread, and a pastry flour for pastry—and has found Lily White better for all purposes than the special flours were for special purposes.

Every sack of

Lily White

"The Flour the Best Cooks Use"

is sold on the guarantee your money will be returned if you do not like it as well or better for both bread and pastry baking than any flour you ever used.

GRAYLING, THURSDAY, APRIL 5

"My Country 'Tis of Thee, Sweet Land of Liberty."

Local News

WITH the United States on the verge of a declaration of war with Germany the American people may be pictured with one eye resting on their affairs of life, the other scanning the horizon while one hand rests on the cocked musket. The spirit of '76 manifests itself in the minds and hearts of our people and our most extreme pacifists may be depended upon in the hour of need. What we may possibly lack in preparedness is going to be effectively offset with everlasting, dog-gone determination to fight for our rights, our homes and for humanity. There is already in Grayling an unrest among our younger generation and if this town don't furnish at least one full company of troops then we may be counted as a pretty poor guesser. If President Wilson needs us, Captain, you may enroll my name with the rest of the Grayling boys.

O. P. Schumann.

PROFIT BY THIS.

Don't Waste Another Day.

When you are worried by backache, by lameness and urinary disorders—Don't experiment with an untried medicine.

Follow Grayling people's example. Use Doan's Kidney Pills. Here's Grayling testimony.

Verify it if you wish:

Mrs. Geo. Isenbauer, Peninsular St., Grayling, says: "I had quite a bit of trouble with my back and kidneys. Often my back ached dreadfully thru the small of it, until it nearly set me wild. The kidney secretions were too frequent in passage, also. I have always found that Doan's Kidney pills, procured at Lewis' Drug store, have been sufficient to relieve me of an attack."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Isenbauer uses. Foster-Milburn Co., Props., Buffalo, N. Y. adv.

How Old Will You Be At Fifty.

Will you be 50 years old or 50 years young? Kidney troubles make many a person old, when really they should be young. Don't be one of the old. Take a kidney tablet as you would a cathartic. Dr. Navaun's kidney tablets are best, 50c at your druggist, A. M. Lewis.

Constipation and Indigestion.

These are twin evils. Persons suffering from indigestion are often troubled with constipation. Mrs. Robert Allison, Mattoon, Ill., writes that when she first moved to Mattoon she was a great sufferer from indigestion and constipation. Food distressed her and there was a feeling like a heavy weight pressing on her stomach and chest. She did not rest well at night, and felt worn out a good part of the time. One bottle of Chamberlain's Tablets corrected this trouble so that she has since felt like a different person.

We mean shoes of utility, neat design and substantial construction, at prices within the reach of those who want the best that medium prices can buy. While we handle the very finest grade of shoes, we wish to be known as dealers in the moderate price lines also.

But no matter what the price, the quality and value are there, and we are never satisfied with the sale until our customer is satisfied by the sale.

The last of a series of dinner dances was given at the Social club rooms on Thursday evening. The committee carried out the Easter idea and the decorations had a real springlike air—yellow and black butterflies were strung as they were on the wing, and the lights were covered with yellow crepe paper. Marsac and Mrs. T. J. McClellan of Bay City, Mr. Rinar Christenson of Detroit and Mr. and Mrs. Junior Cooper of Galt, Cal.

The interior of the A. M. Lewis drug store has been nicely remodeled and painted during the past week. New electric light fixtures called Brascolite fixtures have been installed, which are very attractive.

Before you decide on your Easter bonnet come and see my line. Mrs. Edward Sorenson, corner Peninsular avenue and Ionia street.
